

Vernon Electric Cooperative

Many Vernon Electric Cooperative members have expressed that they like to pay their electric bill with their credit card. It's convenient and allows them to earn more points, credits or rebates from their credit card company. Vernon Electric now allows you to use your credit card with no convenience fees and you can set up recurring payments with your credit card. No more worrying about getting your bill paid on time - it's all done for you automatically! Plus you may earn rewards from your credit card company.

Here's how it works: Each month you'll receive your electric bill as usual. Then on the 20th, your payment will be charged to your credit card account. This gives you plenty of time to call if you have any questions.

Authorization Form

I want to participate in the Recurring Credit Card Payment
